

FOI037 Response**Request**

I note the policy disclosed was agreed in 2019 – do you have the earlier versions of the policy or did it come into fruition in 2019? What was in force prior to 2019?

Response

Please find attached the 2016 edition of 'Prescribing Guidance for the Treatment of Schizophrenia in Adults' policy.

Please note that Section 40 has been applied to the attachment which therefore means the name of the authors within the policy has been removed.
