7. Is there enough mother and baby accommodation in the market for your service
8. How do you advertise to buy this service (mother and baby accommodation) from the private sector, companies, or Charites

Please note that if you cannot provide the figures for each company as requested above then the average for the companies providing that service can be provided instead.

Response

Birmingham and Solihull Mental Health Foundation Trust do not provide accommodation or have links with companies and charities that provide accommodation for Mother and Baby.

However, the Trust does provide an inpatient service via the Mother and Baby unit for women and their babies in situations where a mother is suffering with mental ill health and appropriate treatment and care cannot be provided at home.

With the above in mind, the request is not applicable to the Trust.
