

FOI 0372/2023 Response

Request

Dear Birmingham and Solihull Mental Health NHS Foundation Trust ,

I am writing to request information under the Freedom of Information Act regarding Birmingham and Solihull Mental Health NHS Foundation Trust's engagement with supported living service providers and the commissioning of supported living services for individuals with enduring mental health challenges who do not require long term treatment as an inpatient but require decent accommodation and a robust support system.

- 1) Please provide details on how Birmingham and Solihull Mental Health NHS Foundation Trust initiates contact with supported living providers for the provision of support services.
- 2) Please provide the name, email address, and contact number of the person(s) responsible for commissioning supported living services within your Trust.
- 3) Please provide information on the process employed in allocating community supported living placements for adults with enduring mental health challenges
- 4) Please provide details of commissioning and placement teams, including details of social workers. If possible, include their emails and contact numbers.

I appreciate your prompt attention to this matter and look forward to receiving the requested information within the statutory timeframe.

Clarification: Requester has confirmed their request is for information as a service provider

Response

NIL response as BSMHFT, as a provider, do not commission supported living services.
