

FOI 0429/2023 Response

Request

I'm requesting for information on Q2-4 as your pharmacy department (if present) should hold this data.

Can you please provide a breakdown of how many hours it'll take for each question to gather the information.

** Follow up request to FOI0354/2023.

Response

The Trust's Chief Pharmacist has reviewed your request for a response to Q2-4 of FOI 0354/2023 and has estimate that the time taken to retrieve the information for each financial year from 2018 - 2023 would exceed 18 hours.

This is because a manual inspection would need to be undertaken to collate and compile the data in a suitable format.
