

**FOI 067/2024 Response**

\*\*\* Please note that BSMHFT primarily provide mental health services and do not provide services solely related to Autism. As a result, the recording of Autism is unlikely to be the primary diagnosis and therefore the data provided below may not be fully representative of service users who have autism needs in addition to their mental health diagnoses.

1. How many adult patients, who are currently being cared for as inpatients in your trust's facilities, are detained under section 3 of the mental health act?

266

2. How many autistic adult patients, who are currently being cared for as inpatients in your trust's facilities, are detained under section 3 of the mental health act?

6
