

FOI 0287_2024 Response

Request

please can you confirm the amount of people waiting for an assessment? For adult autism, adult ADHD, children autism & children ADHD? can you provide for both financial years? 2023 & 2024.

Response

Please see the table below and note the following key points:

- The data below is in relation to waiting lists sizes on 31st March 2023, 31st March 2024 and the current wait (as at 27th October 2024).
- BSMHFT is commissioned to provide the assessment, diagnosis, and pharmacological treatment of ADHD in patients 18+ for Solihull and 25+ for Birmingham.
- The Trust is not explicitly commissioned to provide ADHD services for Children and Young people. The Trust therefore recommends that you redirect your request to Birmingham Women's and Children's Trust, Birmingham Community Healthcare Trust, University Hospitals Birmingham Trust (community children's services division) and Birmingham & Solihull ICB for the requested data.
