

## **FOI 0384 2024 Response**

### **Request**

Could you please tell me the name of the department within your trust that sends requests to your procurement department requesting them to place orders for nurse uniforms with your supplier.

### **Response**

The Trusts wholly owned subsidiary SSL Summerhill Services (SSL) Transport and Logistics department place all uniform orders with our suppliers.

We are in direct contact with the suppliers, monitoring the stock levels and ordering uniforms as and when needed for all Trust members who place uniform requests with us directly.
